

The Art Patch Project

art-teez.org/free-speech.htm 773/561-7676 umcac@art-teez.org

We screen-print in public and pass out limited-edition art patches on 100% cotton for free wherever it is illegal to sell our art in Chicago. We need free open-air art scenes in Chicago. Make Chicago more friendly to artists.

At UM-CAC, we teach the basics of screen printing, hands-on, in a free Screen Print Workshop for Artists on most Sundays from 3-6pm located at 1630 W. Wilson. Print your own art. We educate artists and the public about Chicago's speech right violations.

Artists - promote your art and rights with your own art-patch. Then **exhibit it at**

the **T-shirt Art Harvest Fest, the last weekend in September** at the **American Indian Center 1630 W. Wilson** (see art-teez.org)

Visit www.art-teez.org/free-speech.htm to learn more about the Free Speech Artists' Movement and read c-drew.com/blog to follow street artists as we use art to change our city into a Mecca for artists.

Free Speech Artists' Movement

To create Chic. street art scenes

Visit www.art-teez.org/free-speech.htm to learn more about how artists' speech rights are violated by Chicago's peddlers license law.

Free Speech
